What to Expect

1. **Initial Assessment:** A physiotherapist will visit your home to assess your needs and discuss your goals.
2. **Personalised Plan:** Together, we'll develop a treatment plan tailored to your specific condition and lifestyle.

3. **Ongoing Support:** Regular sessions will help you progress, with adjustments as needed and ongoing guidance for best results.

Benefits of Home Physiotherapy

- Convenience and comfort of receiving care at home
- Personalised, one-on-one attention from experienced professionals
- Greater involvement of family and caregivers in your recovery

Funding and Referrals

Our services may be funded privately or through healthcare schemes (contact us for details). Referrals are welcome from GPs, specialists, or directly from patients and families.

Frequently Asked Questions

- **Do I need a referral?** No, you can contact us directly, but we also accept referrals from healthcare providers.
- **What do I need for a session?** Just a comfortable space where you can move freely. We'll bring any necessary equipment.
- **How long are the sessions?** Each session typically lasts between 45-60 minutes, but this may vary based on your needs.
